

REMARKS

On June 22, 2005, Applicants submitted an Amendment addressing the outstanding Office Action of February 22, 2005.

In reviewing that Amendment, Applicants noted that several typographical errors and/or omissions in the listing of the claims existed.

In particular, the claims involved are claims 2, 3 and 14.

In claim 2, the language "altering the digital image into" was inadvertently deleted. This language has now again incorporated into the claim. Additionally, language at the end of the claim reading "each of the alternative interpretations being plausible intended outputs of a user" was inadvertently omitted as new language to be added to this claim. Therefore, in this supplemental version, this language has been added.

In claim 3, in the clause "generating multiple alternative interpretations of the digital including," the words "ink image" following "digital" were also inadvertently not entered. Therefore, as now shown, the intended clause is "generating multiple alternative interpretations of the digital ink image including."

Lastly, in claim 14, following the last line of current claim 14 (*i.e.*, "presented and are each plausible intended outputs"), Applicants intended to include the words "of a user." These words have now been added in this current version.

CONCLUSION

Applicants respectfully request entry of these claim changes, so that the claims are in better form for examination and to accurately reflect Applicants' intentions.

Applicants apologize for any inconvenience these omissions and/or errors may have caused.

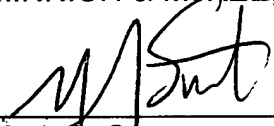

In the event the Examiner considers personal contact advantageous to the disposition of this case, he/she is hereby authorized to call Mark S. Svat, at Telephone Number (216) 861-5582.

Respectfully submitted,

FAY, SHARPE, FAGAN,
MINNICH & McKEE, LLP
